Mapping Resource Sharing

with ARCGIS Storymaps

Hillary Arieux, Florida Southern College

2026 Southeastern Resource Sharing Conference

2026 SERC
Lightning Talk

Agenda

- Florida Southern College and Roux Library
- Gathering data and creating the map
- Idea origin and Introduction to StoryMaps
- Adding to the map demo and live exploration

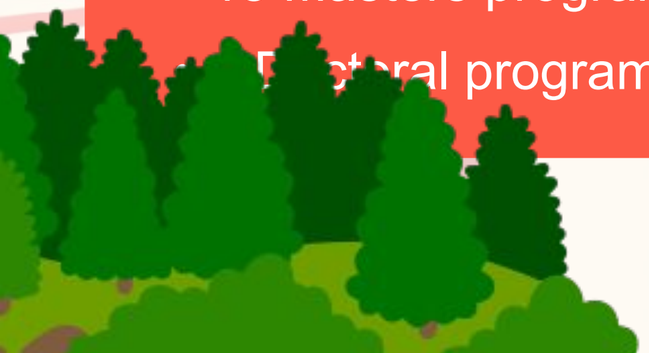

Florida Southern College

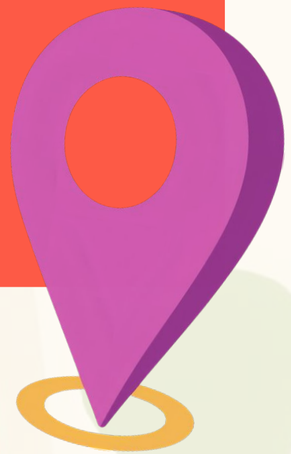

& Roux Library

in Lakeland, Florida

- Founded in 1883 in Orlando
- +150 Faculty
- 3,500 UN & GR students
- 70+ Undergraduate majors
- 18 Masters programs
- Doctoral programs

- 6 FT librarians
- 3 FT staff & 2 PT
- Student workers
- +170 k print resources
- 10 k media resources
- McKay Archives

Idea Origin

From Google Maps to ARCGIS Storymaps

Marina Morgan's Solution:

- ARCGIS Storymaps
- eliminates the need for latitude and longitude

Christine Shearman, Interlibrary Loan Coordinator at Rivier University

- OCLC webinar
- OCLC WS statistical reports & OCLC Analytics
- Input libraries into Google Maps
- Embed into library website

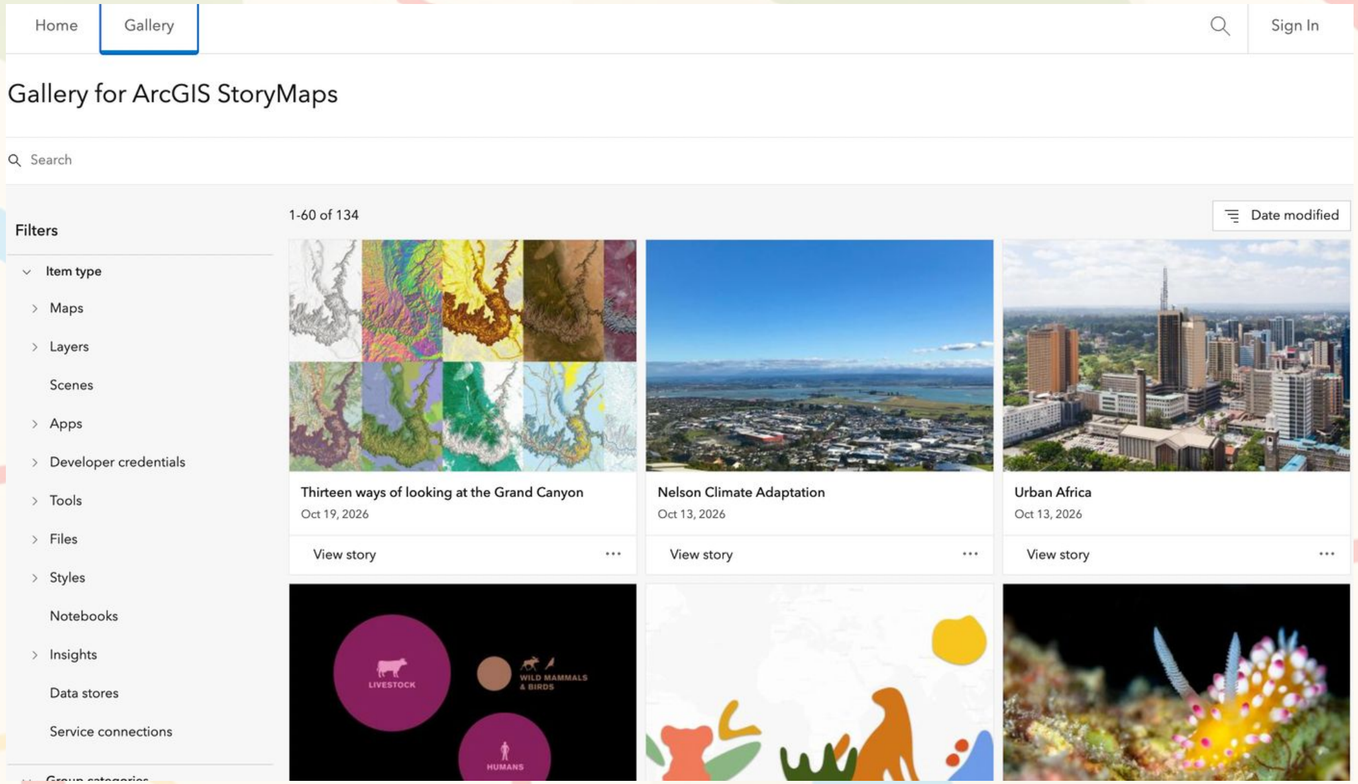

The problem:

- FSC does not have OCLC Analytics
- Access to only non-customized OCLC WS reports
- Would have to individually look up latitute and longitude for each library

What is ARCGIS Storymaps?

A quick introduction

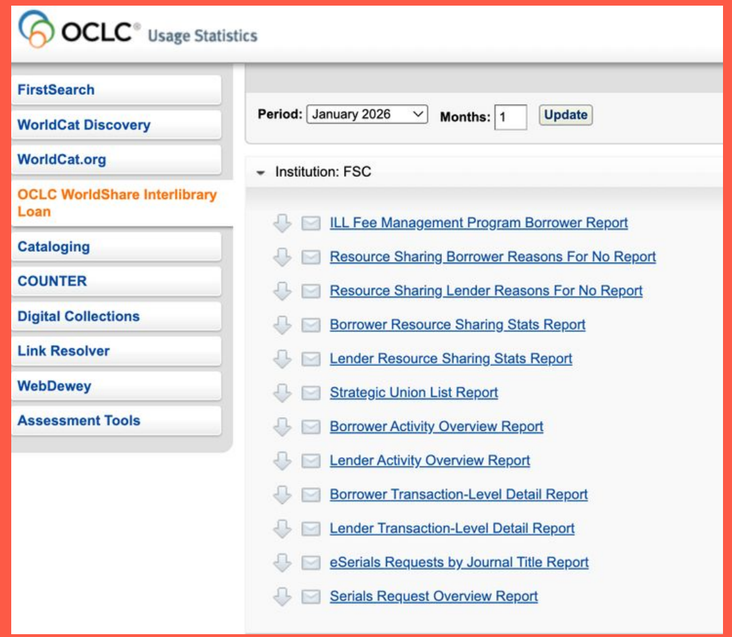

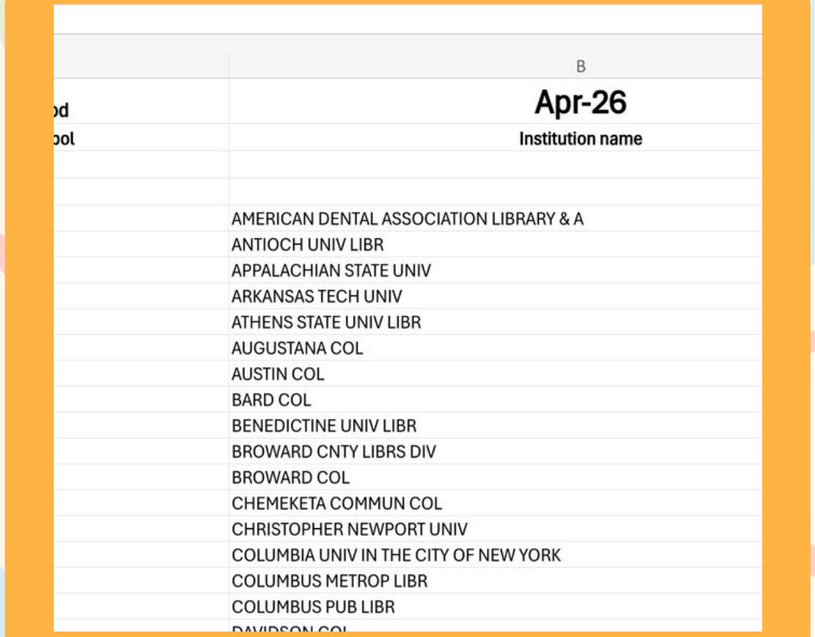

- Digital storytelling tool by ESRI
- Combine maps with text, images, videos, etc.
- No coding required
- Personal, free accounts
